How it works

A legacy gift is a great way to advance the Kingdom of God. When you donate to the Legacy Fund, your gift will enable the staff members you support to receive income to help fund his or her ongoing ministry.

The Great Commission Foundation is a ministry of Campus Crusade for Christ. We've identified more than \$1 billion in charitable gifts through estate designs with partners just like you. Our specialists offer their services free of charge — maximizing the Kingdom impact of your gift.

Proper planning is an important factor in making a legacy gift. Important considerations include gift timing, tax impact and the affect the gift will have on family and friends. We'll help you identify the best giving options but we also advise that you consult with your legal, tax or financial advisor.

With the Staff Legacy Fund, you have access to multiple legacy giving options. Most of them can be specifically tailored to your situation. Some of the most popular include:

- Writing the Staff Legacy Fund into a will
- Giving money out of a retirement account
- Donating stock, real estate and other assets that have risen in value
- Naming the Fund as the beneficiary of a life insurance policy
